NIQUA®

Jewellery Pliers

4

NIQUA®-Zangen überzeugen seit vielen Jahrzehnten Kunden auf der ganzen Welt mit Qualität „Made in Germany“.

Die Bauweise mit durchgesteckten Schenkeln ohne überflüssiges Spiel erlaubt es, auch kleinste Gegenstände millimetergenau zu greifen. Perfekt ausgearbeitete Backen sorgen für eine präzise Handhabung. Ihre Genauigkeit, Stabilität und Langlebigkeit machen NIQUA®-Zangen zur ersten Wahl für Juweliere und Goldschmiede. Verschiedene Formen und Größen bieten die perfekte Lösung für jede Anwendung.

Customers throughout the world have appreciated the German engineering quality of NIQUA® pliers for many decades.

Their box-joint design without excess play makes it possible to grip even the smallest objects with pinpoint accuracy. Perfectly machined jaws enable exact handling. Their precision, stability and durability make NIQUA® pliers the first choice for jewellers and goldsmiths. A variety of shapes and sizes offers the perfect solution for every application.
